Elk

We offer Archery, Muzzle loader and Rifle elk hunts in Arizona and New Mexico. Our hunts are fully guided or guide only with one guide per two hunters, but can be upgraded to one-on-one for an additional $200.00 per day. These hunts take place on public and private land. All hunts are fair chase hunts. We can apply any hunter through the state draw system. If a hunter doesn't draw a tag, landowner permits are available in New Mexico for an additional cost. If the hunter doesn't want to put in for a draw hunt we offer guaranteed early season rifle hunts as well as archery on private ranches in the high quality areas. These tags are a first come first serve type of item. We live and hunt in the middle of world class bulls and have been hunting these areas for years and know when and how to find bulls.

Hunting Methods: Calling and locating elk, "spot and stalk", ground blinds and tree stands on water holes, wallows and trails.

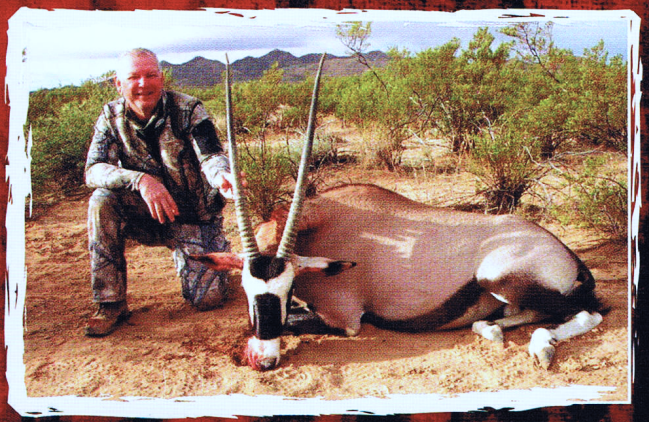

Oryx

New mexico oryx hunting is one of the most exciting hunts we offer. These hunts take place on either White Sands Missile Range or the public lands surrounding the missile range. There is an abundance of oryx on range and these hunts are once in a lifetime versus the off range hunts which are not once in a lifetime. Although there are fewer oryx off range there is still a great trophy opportunity for these animals. Whether you hunt on range or off range we have experienced a 100% shot opportunity for oryx, either hunt you may go on it is sure to be a very memorable experience.

Hunting Methods: Glassing open country, Spot & stock, and still hunting.

DEER

Our rifle and archery mule deer hunts take place on public and private land in Arizona and New Mexico. The areas we hunt have the potential to produce Boone & Crockett bucks. Our hunts are either fully guided or guide only. We can apply any hunter for the big game draws in Arizona or New Mexico. If the hunter is not successful in drawing a tag we have guaranteed private ranch hunts in New Mexico for archery or rifle deer. Archery over the counter hunts are available in Arizona, several of the units we hunt have mule deer as well as couse whitetail. These archery hunts in Arizona take place in December and January and are during the rut. All hunts are one guide per two hunters, but can be upgraded to one-on-one for an additional $200.00 per day.

Hunting Methods: glassing, making "pushes", "spot and stalk" and "still" hunting.

ANTELOPE

Our antelope hunts are on both public and private lands. The Arizona antelope hunts are by state draw only and consistently produce trophy class antelope and offers an excellent hunt opportunity if the hunter is lucky enough to draw a tag. New Mexico antelope hunts are on public land and private ranches. Landowner permits can be purchased for the private ranches, but tags can be limited. We have a huge population of antelope on our private ranches, and have several ranches we hunt. Our bucks will average 15" and many that will approach or exceed Boone and Crockett. New Mexico as well as Arizona produce record book bucks on a consistent basis.

Hunting Methods: "spot & stalk", sitting water holes on archery hunts, and always plenty of "glassing" and "stalking".

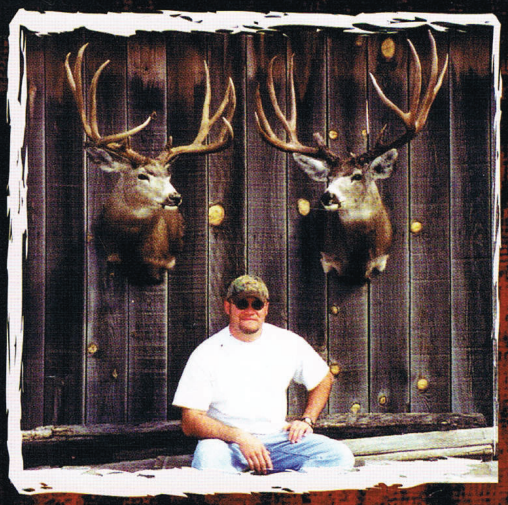

ABOUT US

I have been guiding big game hunts in Arizona and New Mexico for over 15 years. I have been hunting and fishing in the areas I hunt since I was a child. This intimate knowledge of the areas I hunt reflects on the quality of animals I have taken throughout the years. I employ only the most reputable guides in the areas that we conduct hunts in. I believe that an outfitter is only as good as his guides are. All my guides are licensed in Arizona and New Mexico and have a great track record for killing quality animals. Our goal is to put the hunter on quality animals and for the hunter to have an experience that he or she will not soon forget. So, if you want a quality guided hunt, you have found the outfitter for you.

Sincerely,
Dan Reyes
